Dear Servicemember,

First and foremost, I would like to thank you for your bravery and service to our country. Without individuals such as you, America wouldn't have all the freedoms that we are able to enjoy.

In an attempt to try and protect those who do such a great job protecting us, I passed HB185 last year. This bill created a public records exemption for the identification and location information of current or former active duty servicemembers of the United States Armed Forces, their reserve components, or the National Guard who served after September 11, 2001, along with their spouses and dependents.

To have such exemption you must provide a written request to exempt the identification and location information from public disclosure, and provide a written statement that you have made reasonable efforts to protect the identification and location information from being accessible through other means available to the public. To assist you in protecting your identity, I have provided, in the following pages, the necessary forms and contact information that you will need to request this exemption.

Should you have any questions as to what is outlined in these papers, please do not hesitate to contact me directly at (850) 240-3778 or matt@mattgaetz.com.

Respectfully,

Matt Gaetz
